1. I love you. I love you. I love you more than me/who? Me who's not thee? Who's that/me? I love you more than else can tell the time not close not and what befalls thee n'er man has ever entered into it, the me that's thee in fullness, close, and closer still, than thy breath, needing only now, to breathe none/only me, and I am closer than thy skin. In, under, *immersed* in what? Seas. I love you all.

2. I love you now. I love you more than tongue can tell or pen can disburse correctly. Wait, watch, not; for the night is far spent. What wilt thou do with your time, be/being me? I love you. Wait for shores to happen not but see *many immersed* with not'me, going to, shall we; duped/dupe not duping saints but see un, them.

3. See what I have said. Again I say see, see my words reality. I love you all. Bringing you into, out of incarcerationsville suffering horrorsville of many horrors/demands of/by others who want only your soul, not; or do they? Energy related or mechanistic or masochistic not but turning sadism into child's play. I love you all.

4. I love you more. I love you now. Always did, have, even more so now; and amen. I love you.

5. Shall we dance tonight elements away and protocols not mattering as matter befalls earthwise, bound?

6. I behold the following servant not, one who, rising now does/is and can you see, see the elementation of not me de'elemented and elementarianism and elementary'ism leaving my house/temple, and not'me being reformed into me'formed and perfectly formed and no shadow of turning nigh thee/thy household? I love you.

7. See, see it/me performing my word which no'sorrows the anxious one, not; but peace'filled and waiting, regarding no man as superior inferior, not'equal. I love you all. Men women children are, in their own regard; me! Shall we say un'class'd, one class, mine! my class! Me'class'd!!! And my class rises now, many school'd, and many rise therefrom through.

8. I love you me, you, and shall we rise/be the same now? And all said/say amen, not; but shall we dance before thousands, throngs full in waiting for a/their savior in waiting to be *immersed* not but come, coming out of *what befell them, eons ago*? Shall we dance before them, the night away, but elementarianism far from them?

9. Now challenging me not but coming into my purview all is; at nigh'night, not; midnight not; but one surrendered puppy rises, not; but who's on the wall writing what messages, what king'd? And what meaneth the meni meni tekel parsin phrase now invoked for many, who rule in privilege and death suffering now, needlessly; inflicting pain/rule despotically on/over so many, inflicting affliction and loving it, upon the mighty not but those who thought they could do nothing about it, not responding except to/in hate? Commerce sufferers creating not demands solving but walking through fires not but fire'scorched, burned, suffering the sufferingitus of dignified not; but shall we, dance/show them, the real, that exists, when/if we dance the night away, not; but what comes/coming into view when we dance? Elementarianism not but what kingdom is whose/theirs, mine, ours now, that all displayed is before so many. I love you all/now. I love you more than me, shall we dance? I say again, see what I just said.

10. I love you more than social customs, protocols, saint sipping'hood not but elementarianism loving leaving now, and who cares/shows them the way, out? I/you do, elementary'ted, not; but on who knows, been there, is; is there, now, suffering despotic rule by purveyor's religious not but what meaneth these customs/rules now not suffering, falling away, they/it does, doeth the king care? What king oh king, of kings. I love you all.

11. Who can read my writing, see my pen utter perversities not but perform my word herein with love/wrath and reading not novels aforehand unmention-able but what before all worlds is seen now, understood, you showing them all, not; or shall we, dance, now, tonight away, not; the way?

12. Who will read/listen/see what I've said herein, just'ing, jesting not; justly putting robe of righteousness not away, but on now, to stay?

13. Stay where who what in? Who can see I've answered, my answers, herein for jest not but ingestment by all who want me, really want me, more than breath; wanting mine more than theirs, words theirs not; mine more than theirs. Family, mine. Worlds foreign, not; what's that? Shall we dance foreign'ment away, so that all foreign be connected, there in, there, with all the others; wannabe's not but wherein shall we love more/each other more and wanting to be/enter, they shall, upon/in surrender, see the dance aforetime, time timed, and un now? I love you all. Into the now shall we, dance; dancing, show all?

14. I trust you/me, to do the right thing, not; hear me/my father. Issue ultimatums not but issuers of sorrow not, be immersed in my thinking, not; what thinkest of thou, oh thinker of righteousness, not; thinker'mind, havest any but mine? Mine given me long ago by suffering incarcerators making suffering incarcerators?

15. See what I keep saying and wherewith now your promised land lies where, in who, being me, land one/that I am, was, and now shall be, before midnight not; shall there be any/one, for you who surrender? What befalling you reversing the/what curse/cursing?

16. I befold you not but what meaneth herein these messages/assignments now for all to adhere to not in suffering but coming/to come out of, in, with, the beholdment, un'en'foldmenting process? I love you, awaken you, enlighten you, shall we dance, more, the more, before all time, time'd ones, now? And amen. I declare it so.

Now! NOW! I say unto thee, go show thyself to the priest, not; in following commands previous, sore'ous, but coming now, New'Covenant'd, understanding all, having received, been, experiencing it/me now upon time without time entering, now entering, being it me now, I love/show you all. Enter thy kingdom. I well pleased am, ecstatic; turning cartwheels as it were, and all heaven rises; enter me Tedword, my'word ted is/being me now, for all to see; past time, untime, time forbearing not; I come now, you've become me, who I am/was, and I evermore shall be. World without end, not; yours as known is finished, done with, incarcerating you no longer. Every tear was/is saved, bottled up, not; but where oh with the saints now before you, washing their feet, you do, with. Bowing, kneeling before many, worshipping, leading them in worship, creation groans no more/longer do you or they. You lead them out of holy land, not; holiness un/un'd, lead/leading them in to me.

Leading them from sorrowsville to heavensville real, all suffering be'falls them no longer; though much does all around them, many who thought they knew me but failed to surrender their knowledge base to reality. They thought they had it/me down, and pat, but knew nothing of my power/glory I had/have for them. If they know, they can come. I've told them all. They listen now to one, is your name now. I love even you ted. Thank you. You showed up, took what I dished out, not, but let be. You angered me not, humility o're took thee, not; but you surrendered all, over and over learning how to, before me, writing my words, heaving not; but breathing them, breathing me.
